To whom it may concern,

I am pleased to offer this letter of reference for Bob Green.

I have used Bob Green's services for many years and have repeatedly been pleasantly impressed and surprised with his work.

He has enormous creativity mixed with enough experience to exceed most project's requirements. He excels at copywriting, visual layout, and web technology among other skills. He also achieves deadlines, which is a challenge in his field!

I have enjoyed working with him on many past projects, and plan to continue in the future.

Sincerely,

Tim Burkey
Sales and Marketing Manager
